Reinvestment of Indians in the Indian Civil Service by selection in the United Kingdom in 1943

Part St. George, March 25, 1943.

[S.D. No. 83, Pains (Special)].

No. 133.

The following from Government of the Government of India in the Home Department, dated 19th March 1943, regarding the reinvestment of Indians in the Indian Civil Service by selection in the United Kingdom in 1943 is reproduced:—

HOME DEPARTMENT.

Press Communication.

New Delhi, the 15th March 1943.

In the Home Department from Government, dated the 25th February 1943, it was announced that in view of war conditions in Europe, maintaining the recruitment to the Indian Civil Service will be held in the United Kingdom this year but that in order to satisfy the expectations of a certain number of Indians studying at British Universities with the special object of entering the Indian Civil Service through the London examination, the Secretary of State had decided to offer not more than six students in 1943 to be filled by Indians on the recommendation of a Selection Board set up in the United Kingdom. It is now announced for general information that applications and applications forms for selection have been made by the Secretary of State.

Extending candidate should be in possession of a good English degree of an approved University in the British Isles and must have attained the age of 21 and must not have attained the age of 34 on the 1st August 1943. Applications to be considered for selection must be made on the prescribed form and should be submitted to the Secretary, Service and General Department, India Office, Whitehall, London, W.P. 1, with the necessary documents as in receipt from the India Office on Wednesday, the 25th May 1943. Candidates must be prepared to stand at the India Office, as their own property, in answer to any enquiries which may be considered necessary in connection with their applications. If admitted, the candidate will have to appear before a Selection Board in the United Kingdom in due course. Selected candidates will be required to undergo the usual preliminary course of one year before joining their appointments in India.

9 Copies of the regulations and application forms are placed at the disposal of the Chief Secretary to the Government of Madras at Fort St. George up to the 25th April 1943 and at Chittoor, II, the Nilgiris, Chittoor.

ARTHUR HOPE,
Governor of Madras.

in section and that the experiment should be tried at Parapa-Chodavaram for six months from February to July 1940 and then extended to other places in due course, if the results are successful.

The average inflow of tamarisk into the sheds at Jangra Chodwan in normal years from February to July is estimated at 50,000 mounds and the cost of purchasing it at Rs. 35,350. It is proposed to supply on the scheme one Deputy Conservator of Forests, one forester, one forest guard, one lower division clerk and one peon for a period of six months. The clerk will be newly appointed and the rest of the staff will be found from the existing establishment. The cost of the scheme is as follows:—

[illegible]

The scheme has been modified as the tendered amount commenced early in February. The expenditure during the current year has been met from the savings under the grant. As the expenditure is on a new service a token sum of Rs. 100 has been included in the supplementary estimate.

Item 12 above.—The Government sanctioned a scheme for the experimental cultivation of wattle by the Forest department in select areas during the years 1939-1942, with a view to ascertaining the possibilities of undercarrying regular plantations by a large scale. The expenditure in 1938-1940 is being met from the sanctioned allotment for agacaperatures. The expenditure was not treated as a new service. On the analogy of the orders of Government treating the expenditure on the experimental cultivation of cinchona as a new service, the Accountant-General has expressed the view that expenditure on the departmental cultivation of wattle should also be treated as a new service. The Government agreed with the Accountant-General. A token sum of Rs. 100 has accordingly been included in the supplementary estimate of expenditure.

SUMMARY

[illegible]

Explanatory Note.

Item (b) above—b. Inspection of motor vehicles.—The Government of India have agreed that the cost of 82 portable and four stationary weighing machines (Rs. 88,400) required to check overloading of lorries may be met from the Madras Government's share of the Central Road Fund. The expenditure is, however, debitable to the head above and the amount so debited is adjusted by making a transfer of the required amount from the deposit head Subventions from the Central Road Fund to the head XII. Receipts under Motor Vehicles Acts—Fees and other receipts—Transfer from the Central Road Fund. The whole amount was provided in the budget for 1939-1939, but a sum of Rs. 52,824 only was actually paid in that year. The balance to be provided is Rs. 35,576 or Rs. 35,500 roundly of which a sum of Rs. 24,200 has been met by reappropriation. The net additional appropriation required under this head is Rs. 12,300.

Item (b) above—d. For loss of income from licence fees.—Section 10 (1) (4) (iv) of the Madras Motor Vehicles Taxation Act, 1931, as amended by the Madras Traffic Control Act, 1935, requires that local bodies should be paid an amount equal to the average annual income derived by them during the three years ending on the 31st March 1933 from fees on licences issued by them for motor vehicles plying for hire and for lorries. On the basis of the provisional figures furnished by the Examiner of Local Fund Accounts, a sum of Rs. 21,50,000 was paid to the local bodies on this account in 1935-1936 and a similar provision (Rs. 21,51,000) was made in the budget estimate for 1939-1940. According to the orders since issued fixing the licence fee compensation on the basis of the final figures furnished by the Examiner, the amount payable to local bodies on this account comes to Rs. 21,51,406 annually. A sum of Rs. 40,435 is therefore required to pay the balance of the account due in respect of 1935-1939 and an additional amount of Rs. 49,606 is required for payment of the full amount due in respect of 1939-1940. The total additional amount required is Rs. 90,041 or Rs. 90,000 roundly.

Item (b) above—e. For loss of income from tolls.—Under the procedure laid down by the Government for payment of toll compensation to local bodies under section 10 (1) (4) (v) of the Madras Motor Vehicles Taxation Act, 1931, twelve-thirteenth of the amount estimated to be due to local bodies in respect of any year is paid in 12 monthly instalments in that year itself and the balance is paid in the subsequent year after the actuals for the year are known. On this basis a sum of Rs. 45,00,000 has been ordered to be paid in instalments in 1939-1940 and a sum of Rs. 4,37,500 is due as arrears in respect of 1935-1939. The total amount required is Rs. 50,37,500 or Rs. 50,37,500 roundly. The amount provided in the budget is Rs. 46,00,000 (including a sum of Rs. 3,70,000 only as the estimated arrears of 1935-1939). The balance to be provided is Rs. 34,500 of which a sum of Rs. 1,000 has been met by reappropriation. The net additional appropriation required under this head is Rs. 33,500.

The total additional appropriation required under the several items mentioned above is Rs. 19,100 voted or sanctioned and Rs. 1,15,000 charged. These amounts are accordingly included in the supplementary estimate.

Explanatory Note.

The Chief Engineer for Irrigation reported that the heavy floods of November 1929 due to unprecedented rainfall washed away the last two vents and the abutment on the downstream side of the Aguar aqueduct of the Cavery-Mettur Project. It is now proposed to rebuild the vents and also extend the aqueduct to the extreme limit of the score by adding eleven more vents in order to make the aqueduct safe against further floods on the river. The estimated cost of the proposals is Rs. 1,50,000. As the work had to be started immediately and completed by June next, the Chief Engineer has authorized the Superintending Engineer to make arrangements to start the work immediately.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required has been met by reappropriation from the savings within the grant.

Explanatory Note.

Item (1) above—Revenue Department.—The additional appropriation is required to meet the travelling allowances of Members of the Madras Tenancy Commission which was appointed in the course of the year. The Secretary of the Commission has reported that an expenditure of Rs. 7,019 has been incurred under travelling allowance to end of January 1940 and that the total

expenditure for the whole year will come to Rs. 15,350. Out of this a sum of Rs. 300 has been met by reappropriation and the net additional appropriation required is Rs. 15,050.

Item (ii) above—*Madras Record Office*.—The additional appropriation is required for the purchase of chaffin for mounting records. At the time of the preparation of the budget estimate for 1939-1940, the price of chaffin was 14 annas a yard and a provision of Rs. 10,500 for the purchase of 12,000 yards was included in the budget. The price of chaffin however rose to Rs. 1-15-6 a yard and a contract was entered into in April for the purchase of 6,000 yards required for the first six months. When tenders were called for for the next six months the price of chaffin had risen still higher to Rs. 2-5-0 a yard. Though the consumption of chaffin was cut short there has been an additional expenditure under this head. The total cost of the chaffin required comes to Rs. 15,150 or an excess of Rs. 7,650 over the provision made in the budget. Against this sum of Rs. 7,000 a sum of Rs. 1,650 has been met from savings under other heads. An additional appropriation is required for the balance of Rs. 6,000.

Item (iii) above—*Elections to Non-union Panchayats*.—The Inspector of Municipal Councils and Local Boards anticipates a total expenditure of Rs. 22,000 under the head Elections to Non-union Panchayats against the budget provision of Rs. 10,100. The increase in expenditure is due to the employment of 57 lower division clerks and 67 peons for one month for conducting presidential elections to Non-union Panchayats in group III districts for which no provision was made in the budget. Additional expenditure was also necessary under contingencies as the Election Officers required stationery and service postage stamps in connection with the conduct of presidential elections to Non-union Panchayats. Against the increase of Rs. 11,900 a sum of Rs. 4,000 has been met by reappropriation of funds. An additional appropriation is required for the balance of Rs. 7,900.

The total additional appropriation required under the several items mentioned above is Rs. 29,600 voted or authorized and this amount has accordingly been included in the supplementary estimate.

		Total ..	88,700

Explanatory Note.

Item (i) above—*Pay of officers*.—Charged.—The original appropriation for this item was Rs. 5,00,000. It is anticipated that the total expenditure under this head during the year will be Rs. 5,21,900, the increase being due to the pay of non-I.O.S. officers holding substantive posts in the I.C.S. cadre being treated as charged with effect from 1st June 1939 instead of as voted under which the appropriation had been made. The net additional amount required is Rs. 21,900.

Item (ii) above—*Leave and Family Allowance*.—Other Charges.—This sub-head provides for the expenditure on the purchase of rice for supply to the Islanders in return for the coir

taken over from them and also for other charges. The original appropriation under the sub-head was Rs. 46,800. It is expected that there will be a total expenditure of Rs. 80,000 during the year. The additional amount required is Rs. 33,600 of which a sum of Rs. 17,000 has been met by re-appropriation. The additional amount required is Rs. 16,800.

The total additional appropriation required for the two items mentioned above is Rs. 68,300 and this amount has accordingly been included in the supplementary estimate.

(7) **Quant XI—Administration of Justice.**

Estimate of the amount required for further expenditure.

[illegible]

Exploratory Note.

Item (1) above.—There is a provision of Rs. 8,50,000 under the above head in the current year's budget. The salaries and allowances of officers who are not members of the Indian Civil Service but are appointed substantially to posts reserved for members of the service which were previously treated as void have been treated as charged expenditure with effect from 1st June 1939.

Consequent on the above change in classification, the High Court has reported that an additional appropriation of Rs. 2,92,600 is required during the current year. A saving of Rs. 51,100 has been appropriated from other sub-heads in the grant. The net supplementary appropriation required is Rs. 1,51,500 and this amount has been included in the supplementary estimate. Against the additional appropriation required under charged, there is a corresponding saving under the voted or authorized portion of the grant.

item (b) above.—The Collector of Combaria reported to the Board of Revenue in October 1939 that, due to the great increase in the number of birds in and around Combaria town and the growth of the population of the district town, the work of the District Sub-Magistrate, Combaria, had steadily been increasing in number since 0.5842 1937, that the District Sub-Magistrate was unable to cope with heavy work and that his work was falling into arrears. He stated that, as the two first-class bench courts in Combaria town dispose of all the cases, while by them, an increase in the number of honorary bench Magistrates would not give him any relief. He therefore requested early sanction for the employment of the following staff, namely:—

- (1) One Sub-Magistrate in the category of Deputy Tahsildar;
(2) two lower division clerks;
(3) one attender; and
(4) two peons.

Explanatory Note.

In November 1939 the Inspector-General of Police reported that since the murder of the Sub-Magistrate, Madakalattur, Ramnad district, on 24th June 1938, there has been a feeling of great insecurity in the Madakalattur circle area. This area is largely populated by persons who are illiterates and constant violent crimes on the slightest provocation. Consequently he proposed the employment of an additional police staff of 1 band constable and 40 constables, inclusive of four constables for vacancy reserve, in the circle. The additional expenditure involved is Rs. 11,500 per annum recurring and Rs. 25,000 non-recurring.

In view of the urgency of the matter sanction was accorded for the employment of the additional police staff asked for by the Inspector-General of Police in the Madakalattur circle for a period of one year from the date of their employment.

As the employment of the additional staff is a new service, and as the expenditure exceeds Rs. 2,500 per annum, a token appropriation of Rs. 200 has been included in the supplementary estimate. The balance of the appropriation required in the current year has been met from the savings within the grant.

Explanatory Note.

Items (1), (2), (4), (6) and (7) above.—According to the final modification of grants proposed by the Chief Engineer for Electricity under XI.—Expenditure from Electric Scheme—Working Expenses, an additional appropriation of Rs. 5,60,500 is required under voted or authorized and Rs. 7,500 under charged. The increase under voted or authorized which occurs mainly under Pykara and Mettur Hydro-Electric Schemes is due to the large (100 per cent) increase in the reserve stock of materials needed for these schemes on account of war conditions. These extra reserves of materials which were not originally anticipated to be received in time during the year have actually been received during January and February 1946. The Chief Engineer's demand also provided for an additional appropriation of Rs. 27,000 under XI.—L. B. Mettur Hydro-Electric Scheme—Maintenance and other charges on account of the estimated loss in the working of the Mettur Dam-Nuclear section of the Mettur Dam Railway during 1935-1939 and 1939-1943. As provision has been made in the budget estimate 1946-47 under D. Miscellaneous for the debit of the entire loss, it is unnecessary to make provision for this purpose under XI.—Working Expenses. The amount of the additional appropriation required has thus been reduced by Rs. 27,000. A sum of Rs. 23,200 under voted or authorized has been found by reappropriation. The net additional appropriation required is thus (Rs. 5,62,500—Rs. 60,000) Rs. 5,02,500 under voted or authorized.

The additional appropriation of Rs. 7,500 under charged is required under XI.—L. A. Pykara Hydro-Electric Scheme—e. Expenditure—1. Pay of Officers. This increase in the requirements of Pykara is due to provision not having been made in the budget estimate as the pay of the then Superintending Engineer, Pykara Electricity System, was under Pay of officers, voted. The pay of Mr. E. J. B. Greenwood, the present Superintending Engineer, and the leave salary of Mr. L. Rowland are debitable to the system and have been taken into account in the final modification.

An additional appropriation of Rs. 4,200 under charged under E. Interest on Capital Outlay on Electricity Scheme—L. b. Mettur Hydro-Electric Scheme is also required in the current year as shown below:—

According to the final modification of grants submitted by the Chief Engineer the capital outlay on electricity schemes in the current year amounts to Rs. 79,00,000.

Interest on half the total capital outlay at 4.25 per cent

has to be provided under 53. Interest on capital outlay on Electric Schemes. The appropriation required for interest in the current year will then be as follows:—

Rs.	
Interest on Capital outlay to end of 1933-1934	
as reported by the Accountant-General ...	21,34,884
Interest on bail the outlay of Rs. 35,00,000	
in 1933-34 at 4-25 per cent ...	1,16,703
	<hr/>
	22,51,587
	or
	<hr/>
	22,51,587

As the appropriation under the head is only Rs. 22,51,586 an additional appropriation of Rs. 6,100 is required. As against this a sum of Rs. 5,500 has been found by reappropriation. The balance of Rs. 6,500 is required for additional appropriation. The total additional appropriation required under Charge is therefore (Rs. 1,500 + Rs. 4,500) Rs. 11,400.

Item 53 above.—For the operation of further extensions and rural schemes in the area of the Meter Electricity system which have recently or will shortly come in force the Chief Engineer for Electricity submitted in November 1933, proposals for the employment of additional staff on a permanent basis, on the ground that the work connected with the operation and maintenance of the schemes is a permanent one. In view of the urgency of the work and the loss of revenue that would have resulted from delay in sanctioning the proposed staff the Government after examining the Chief Engineer's proposals have sanctioned the employment of the following temporary staff up to 31st March 1934:—

- (1) Two Junior Engineers.
- (2) One supervisor (Electricity), I grade.
- (3) Eight supervisors (Electricity), II grade.
- (4) Two lower division clerks (for the Central Office at Mettur).
- (5) Five stone-keepers, III grade.
- (6) Nine bail collectors.
- (7) Three peons.

The expenditure involved is about Rs. 22,955 per annum. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of appropriation required in the current year has been met by reappropriation from the savings within the grant.

Item (5) above.—An Assistant Engineer on Rs. 550 per month was employed on contract in connection with the construction of the thermal electric power station at Visagapatnam, Berwada and Cannada from 2nd April 1932 to 31st December 1933. As his services were required immediately for supervising the work of extension to the cooling pond in the Berwada power house estimated to cost Rs. 22,000 and later on for the work of installation of an additional generating plant in the Berwada power house for which an estimate of Rs. 7 lakhs has been sanctioned, the officer's contract has been extended for a further period of one year from 1st January 1934 on a pay of Rs. 575 per month. Till the installation of the additional generating plant is taken up the officer is to be in charge also of the maintenance of all civil works in the Berwada and Visagapatnam power systems discharging a permanent civil supervisor the function for whose appointment will not be filled during the period.

The net extra cost on this account is Rs. 2,300 per annum and as the proposal results in the creation of a sanctioned post, it has to be regarded as a new service. A token sum of Rs. 100 is accordingly included in the supplementary estimate. The balance of appropriation required in the current year has been met by appropriation from the savings within the grant.

The total additional appropriation required under the several items mentioned above is Rs. 11,400 charged and Rs. 2,00,000 voted or authorized and these amounts have been included in the supplementary estimate.

Explanatory Note.

Item (1) above.—The Lady Sankama Nair Girls' High School, Coimbatore, which was under the management of the District Board, Malabar, was taken over by the Roman Catholic Mission in 1938. The provision of funds for a grant to the school for 1938-1939 should have been brought forward as a Part II Scheme for 1939-1940. As it was too late to propose such provision when recognition was accorded to the school in December 1938, no specific provision was made for the grant in the current year's budget. The Director says that the strength of the school has increased very considerably and that the school deserves special treatment. He recommends that a grant of Rs. 1,750 may be paid in the current year from the anticipated savings in the budget. This recommendation has been accepted. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate.

Item (2) above.—There is a provision of Rs. 2,43,500 in the current year's budget for grants to Panchayat schools. These grants are disbursed by the Inspector of Municipal Councils and Local Boards. It has been found for some time past that the provision made in the budget each year was not sufficient to meet the actual demand for grants. The Inspector had, therefore, to postpone the payment of grants to some of these schools and to divert the amount from the provision made in the succeeding year's budget. In December 1938 he applied for an additional appropriation of Rs. 30,000 to meet the demand for grant in full in that year. He was informed that no additional appropriation could be sanctioned but that a pro rata cut on grants might be imposed. In May 1939 the Inspector strongly pleaded against the imposition of any such cut and reiterated his request for an additional allotment. It was then decided that the Inspector might be asked to disburse the grant at the prescribed rates and apply for additional funds later on. He has now reported that an additional

sum of Rs. 42,000 will be required for this year. Out of this, a sum of Rs. 6,240 has been met by appropriation. The balance required is Rs. 35,760 and this amount has been included in the supplementary estimate.

Summary

[illegible]

Explanatory Note.

Item (c) above.—In April 1939, Government sanctioned the construction of an additional ward of 88 beds in the Government Victoria Castle and Connaught Hospital, Madras, to provide accommodation for the large increase in the number of patients attending the hospital. It was then contemplated that consequent on the increase of bed strength it might be necessary to employ an additional staff of 4 staff nurses, 8 paid nurses, 10 nursing orderlies and 5 boys. In September 1939, the Surgeon-General reported that the additional ward would be ready for occupation by the end of that year and proposed that the following additional staff for the new ward might be sanctioned with effect from 1st January 1940:—

- (1) 4 stiff corners.
(2) 6 paper corners.
(3) 10 paper midribs.
(4) 2 Women Sub-Assistant Barguees.
(5) 1 compander.
(6) 2 lower division clerks.
(7) 2 poncs.
(8) 11 female nursing orderlies.
(9) 6 tins.
(10) 3 sweepers.
(11) 2 stinkier beavers.
(12) 2 dholes.

He also suggested that provision might be made for the following items of expenditure for the new ward:—

	Per annum.
(a) Medicines and hospital accessories	Rs. 20,500
(b) Diet	11,800
(c) Electric current	1,200
(d) Water charges	1,600

After examining the Surgeon-General's proposals, it was decided to sanction the employment of 4 staff nurses, 8 paid nurses, 2 Honorary Women Assistant Medical Officers on an honorarium of Rs. 50 per mensem each, 1 compounder, 2 lower division clerks, 1 peon, 11 female nursing orderlies, 3 female totis, 2 stretcher bearers and 2 dhisla, and also the additional items of expenditure detailed above with effect from the date of opening of the ward. The Surgeon-General was informed that the expenditure in the current year on account of the above staff, etc., should be met from the sanctioned budget allotment for 1939-1940.

The expenditure on account of additional staff over and above what was contemplated in 1938 exceeds Rs. 2,500 per annum. The employment of such additional staff is a new service and accordingly a token appropriation of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required has been met from savings within the grant.

Item (ii) above.—The St. John Ambulance Association, South Indian Provincial Centre, Madras, maintains eight Ambulances and three Nursing divisions in Madras and one Ambulance division at Vinnagutam. One Ambulance division will also be formed shortly at Arasolapur. The various Ambulance divisions number 650 members, while the Nursing divisions have 350 members. The association has also arranged to give instruction in First Aid to a large number of persons. The number who have already received instruction is 2,000.

In view of the present international situation and the active part which the St. John Ambulance Brigade has been called upon to play in regard to Air Raid Precautions work, the strength of the brigade has been augmented considerably and the association is finding it difficult to meet the additional expenditure involved from its slender resources, which are derived from the interest on a sum of Rs. 50,000 from the Silver Jubilee Fund and from the subscriptions of members. The Chairman of the association has, therefore, requested the Government that a grant may be given to it in the current year towards the cost of supplying uniforms to the members newly enrolled.

Each member of the brigade has to incur a sum of Rs. 2-3-0 on the provision of the prescribed uniform, of which the association ordinarily meets Rs. 4-5-0. As most of the members are poor, it is essential that they should be supplied with uniform free of cost or assisted in cases where such assistance is necessary. The association has not got sufficient funds for the purpose. It is anticipated that 500 additional members will have to be given a sum of Rs. 5 each for uniform. The Chairman has accordingly applied for a grant of Rs. 2,500. In supporting this application the Surgeon-General has stated that the association is an excellent organisation which is not restricted to a class, nationality or denomination and that its object is the relief of suffering and attendance on the injured. He has also stated that in any scheme of Air Raid Precautions, the evacuation of the wounded would run entirely with the association.

Although there is no immediate prospect of the war creating real work for either Ambulance or Nursing divisions of the brigade in this Province, it is considered better to be prepared in time rather than start preparing when the emergency has arisen. In these circumstances, the Government sanctioned a grant of Rs. 2,500 to the association. As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required in the current year has been met from savings within the grant.

Explanatory Note.

The necessity has arisen recently for posting a Veterinary Officer as Superintendent of the Livestock Research Station, Howrah. As no suitable officer was available in the department with experience in livestock work, the Director of Veterinary Services proposed that a Veterinary Officer should be given training in cattle breeding and dairying at the Imperial Dairy Institute, Bangalore, for a period of six months. The cost involved in the proposal was estimated at Rs. 2,500. As the proposal constituted a new scheme of expenditure and as the Director of Veterinary Services reported that the officer selected should be given the training immediately, the proposal was treated as one of urgent necessity and was sanctioned. It having been decided that the expenditure in 1933-1934 should be met from savings in the current year's budget provision. The officer selected has been deputed for the training.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the appropriation required in the current year (Rs. 300) has been met from the savings within the grant.

The budget estimate for 1933-1934 under 42, Co-operation—b. Socio-economic—2. Pay of Establishments is Rs. 7,50,000. The total expenditure is estimated at Rs. 8,15,000. The increase of Rs. 84,700 is reported by the Registrar of Co-operative Societies to be due to the following reasons:—

- (1) sanction of additional temporary staff during the course of the year, chiefly for staff and for thrift societies in the panchayat districts;

(9) employment of the full temporary staff sanctioned for museum work during 1928-1929, unlike in the previous years; and

(10) grant of leave to a larger number of inspectors and grant of arrears of pay to a Senior Inspector and personal pay drawn by officiating station clerks appointed as Junior Inspectors.

Out of the increase of Rs. 24,750, a sum of Rs. 20,400 has been met by reappropriation and the additional appropriation of Rs. 2,300 required has been included in the supplementary estimate.

Explanatory Note.

Item (1) above.—The dome over the Presidency College buildings wherein the clock known as the 'Falcon Clock' had been installed, was demolished in 1928 as it was found to be in a dangerous condition. In connexion with the budget estimate for 1928-1929, the question of constructing a new dome was considered. The cost of the scheme was estimated at Rs. 20,000. The Government were not in favour of incurring such a large expenditure on a work of this kind. Orders were issued that the dome need not be reconstructed and that it would be sufficient if the walls of the tower were demolished down to the level of the adjacent sky-light, and a terrace roof put on them.

On a reference received from the Director of Public Instruction the question was again examined and it was decided that the cost of the work should be limited to Rs. 10,000 and that Government should meet one-half of the cost provided the Secretary Committee of the College met the other half. The Secretary Committee having agreed to make a contribution of Rs. 5,000 for the purpose, the Government have recently issued orders sanctioning the reconstruction of the dome and the installation of the clock therein, at an estimated cost of Rs. 10,000, including contingencies and petty expenses. The expenditure involved in the current year will be met from the contribution referred to above. The Government share of the cost of the work will be met from Provincial funds in 1930-1931.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate.

Item (2) above.—In December 1928, the Government approved an expenditure of Rs. 3 lakhs in carrying out certain experiments on road surfaces between miles 4/5 and 11/8 of the Great Northern Trunk road in the Chingleput district. The Government of India sanctioned from the reserve up the Central Road Fund a half grant subject to a maximum of 2½ lakhs for the work and also approved

the proposal to allot the remaining half to the share of the Madras Government in the Central Road Fund. The works have been completed.

The experimental surfacings in miles 4/5-600 to 6/1-0 which were completed in 1937-1938 have failed to stand the traffic and have now to be resurfaced with a new replacement. Soon after the experimental surfacings began to fail, Messrs. the Standard Vacuum Oil Company to whose specifications the experimental surfacings were laid, resurfaced some portions with 1 inch asphaltic concrete and 1 inch asphaltic macadam at their own cost, but these then costs did not last. The Chief Engineer thereupon submitted an estimate for Rs. 13,910 for replacing the failed sacree asphalt surfacings on this portion of the road by more durable types of sacree asphaltic premix or graded macadam, and stated that the work was urgent as the road was a trunk road and its deterioration would impede traffic badly. The Government approved the estimate in January 1940 and directed that the work be put on hand in the current year the expenditure being in the first instance debited to Provincial funds. The Government of India are being separately addressed for sanction to debit the expenditure to the Provincial share of the Central Road Fund.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of the expenditure in the current year has been met from savings within the grant.

M. C-8 Works.	A. Establishment.	1. Salaries and allowances.	Special provision for the construction of buildings in hospital works.	Rs.	100 (token sum)

Explanatory Note.

In 1936 the construction of an out-patient department including a women's block and a septic ward in the King George Hospital at Viragupattam was sanctioned at an estimated cost of Rs. 3,15,000. It is expected that the main building of this block will be completed by the end of March 1940. Besides this the Maternity and Children ward block costing over 2 lakhs is to be started immediately and it is proposed to incur an expenditure of Rs. 20,000 during the current year on this work. In addition the extension of the Pathological block costing about 1½ lakhs has been sanctioned and it is necessary to do all the preliminaries such as the preparation of detailed plans and estimates in the current year itself to enable tenders being called for for a early in April 1940. As all these works have to be completed before the inspection of the Inspectors of the Indian Medical Council about December 1940, the Government have sanctioned the employment of a sub-engineer (consisting of one Assistant Engineer, two lower division clerks and three peons) for carrying out the work expeditiously.

As the expenditure is on a new service, a token sum of Rs. 100 has been included in the supplementary estimate. The balance of expenditure in the current year will be about Rs. 510 and this has been met by appropriations.

Explanatory Note.

Item (1)—Rs. 46,500.—The appropriation according to the revised budget is Rs. 8,60,000. The expenditure is expected to be Rs. 8,46,500. The increase of Rs. 46,500 is due to the high prices which have to be paid for all kinds of paper and other articles owing to the difficulty of obtaining supplies from abroad. A sum of Rs. 2,300 has been found by re-appropriation. The additional appropriation required is Rs. 46,500.

Item (2)—Rs. 1,000.—The anticipated expenditure is Rs. 7,100 against the budget appropriation of Rs. 4,500. The increase of Rs. 2,600 is due to the supply of 5 new typewriters and some extra clothing supplied to the High Court. A sum of Rs. 300 has been found by re-appropriation. The net additional appropriation required is Rs. 1,000.

Item (3)—Rs. 21,000.—The probable expenditure during the year is expected to be Rs. 36,500 against the budget appropriation of Rs. 15,000. The increase of Rs. 21,500 is due to the over-time work to cope with the additional pressure caused by the printing of heavy volumes of the reports of the Committee on Co-operation, Commercial tax forms, etc. A sum of Rs. 300 has been found by re-appropriation. The additional appropriation required is Rs. 21,500.

Item (4)—Rs. 13,000.—The expenditure during the year is expected to be Rs. 64,000 against the budget appropriation of Rs. 51,000. The increase of Rs. 13,000 is due to a sharp rise in prices of stores articles such as cheap shoes and the local purchase of some articles and materials usually obtained on Home indent owing to the restricted shipping facilities.

Item (5)—Rs. 15,000.—The probable expenditure during the year is expected to be Rs. 25,000 against the budget appropriation of Rs. 10,000. The increase of Rs. 15,000 is due to heavy despatch of standardized forms, Commercial tax forms, etc.

Item (6)—Rs. 5,000.—The probable expenditure during the year is Rs. 1,15,900 against the budget appropriation of Rs. 1,10,900. The additional appropriation required is Rs. 5,000.

Item (7)—Rs. 25,000.—The anticipated expenditure is Rs. 1,36,500 against the budget appropriation of Rs. 1,02,000. The increase is due to the larger expenditure than anticipated for printing of amendments to Provincial Legislative Assembly and Council Electoral rolls.

Explanatory Note.

The capital expenditure on the Government anconcha plantations for the provision of permanent quarters for the labourers and staff of the Anconcha Department, of water-supply and sanitary arrangements, and for the extension of the Government Clusson plantations on the Anconcha, is provided for under this head. In the budget estimate provision was made only for the construction of quarters for the labourers and staff and a sum of Rs. 33,000 was provided. The expenditure on this account is now expected to amount only to Rs. 17,760.

A scheme for the extension of the anconcha plantations on the Anconcha has been approved by the Government and the expenditure likely to be incurred on it in the current year is Rs. 10,440. Further, owing to the war, the Director anticipates an increase of Rs. 1,500 in the prices of stores. The total amount required thus amounts to Rs. 37,500 or to Rs. 17,760 over the budget provision of Rs. 20,000 and this amount has been included in the supplementary estimate.

Explanatory Note.

According to the final modification of grants proposed by the Chief Engineer under 79. Capital Outlay on Electric Schemes, an additional appropriation of Rs. 8,42,600 is required under grant XXXIII—(note) or authorized of which a sum of Rs. 8,38,760 is required for appropriation under 79. Capital Outlay on Electric Schemes—i. b. Mather Hydro-Electric Scheme—a. Works—d. Distribution of power in Mather System—i. Distribution lines and transformers. This increase in the requirements of Mather is due to larger number of extensions executed than anticipated. Most of the extensions were sanctioned in 1938-1939, but were not proceeded with owing to shortage of materials. Most of the materials were available this year and construction of the lines could not be stopped but the revenue should be affected. Against the total additional appropriation required a sum of Rs. 2,59,000 has been found by re-appropriation. The balance of Rs. 8,42,600 is accordingly included in the supplementary estimate.

Advances to students	a. Civil advances	(1) A. Advances to students	Nil.	1,14,000
	b. Special advances	(2) B. Advances to students	12,400
		Total	1,14,000

Explanatory Note.

Item (1) above.—Advances made to Government servants on transfer, on return from long leave or special duty out of India or on first appointment are debited to this head. There is a provision of Rs. 7,50,000 in the current year's budget. The Accountant-General has reported that a sum of Rs. 8,74,000 will be required in the current year based on the actuals of the year 1935-36 and on the basis of estimate on the first ten months of the current year. A net saving of Rs. 22,400 available under other sub-heads in the grant has been appropriated to this head. The net supplementary appropriation required is Rs. 1,51,400 and this amount has accordingly been included in the supplementary estimate.

Item (2) above.—In April 1939, the High Commissioner for India addressed the Government on the subject of the need for financial assistance to Indian students in England in the event of outbreak of war in Europe. He urged that some students might be anxious to return to India and that in view of the possible interruption of some of the routes of communication between England and India, many students might find that their periodical remittances from India to cover their educational expenses were not forthcoming and might thus be placed in financial difficulties. The Government accordingly placed at the disposal of the High Commissioner for India a sum of £1,000 for the following purposes, namely:—

- (1) to advance passage money to such Indian students in the United Kingdom as may wish to return to India as early as possible but may not be in possession of the necessary funds; and
- (2) to grant reasonable weekly allowances to those Indian students whose periodical remittances from India to cover their educational expenses may not be forthcoming and who may thus be without means to meet their expenses. The advances in all cases are to be recovered from the students or their parents or guardians.

The expenditure is to be treated as on a new service, since loans of the same or similar nature have not been given in the past. An appropriation of Rs. 12,400 required for this purpose has been included in the supplementary estimate.

- 9 The Civil Veterinary Department Provident Fund.
- 10 The Madras Military Assistant Surgeons' Provident Fund.
- 11 The Indian Civil Service Provident Fund.
- 12 The Indian Ordnance Department Provident Fund.

13 The Special Provident Funds on bonus or contributory terms.

14 The Indian Civil Service (Non-European Members) Provident Fund.

3. Necessary instructions will be issued separately by the Railway Department (Railway Board) concerning the rate of interest applicable during the year in question to the balances in the various Provident Funds under the control of that department.

Order.

Recorded.

3. The rate of interest mentioned by the Government of India will apply also to the deposits and balances in the credit of subscribers who are governed by the Constabulary Provident Fund, Kulu (Madia), and the General Provident Fund (Madia) Rules, subject to the exception provided for in the resolution.

2. Roberts, F. C.—Heat and Thermodynamics (Blackie & Sons).
3. Saha, H. S. and Sanyal, B. N.—A Text-book of Heat (The Indian Press, Ltd., Allahabad).
4. Funn—Thermodynamics (Blackie & Sons).

(iii) Light.

Text-books—

1. Hartney, A. S.—Elementary Geometrical optics (D. Dell & Sons).
2. Preston—Light (Macmillan & Co.).
3. Wood, R. W.—Physical optics.
4. Bloomer, R. A.—Light—Physics in (Longman, Green & Co.).
5. Salzman, A.—The Theory of Physical optics.

(iv) Electricity and Magnetism.

Text-books—

1. Buechler, G. G.—Electricity and Magnetism (Longman, Green & Co.).
2. Tipland, F. D.—Treatise on Electricity.

(v) Modern Physics.

Text-books—

1. Gower, J. A.—Essays, Experiments and Solving Problems (Edward Arnold & Sons).
2. Wilson, H. A.—Modern Physics (Blackie & Sons).
3. Richardson—Introduction to Modern Physics—(McGraw Hill Book Co.).

Text-books on Physical Properties—

1. Womersley and Hall—Physical Properties (Macmillan).
2. Watson—Text-book of Physical Properties (Longman, Green & Co.).
3. Wood—Physical Properties (Longman, Green & Co.).

Books for reference in Physics (HON.)—

1. E. P. Wigner—The Physics of Solids and Fluids (Blackie & Sons).
2. Lamb, R.—The Dynamical Theory of Sound (Edward Arnold & Sons).
3. Brewster, Principles and Methods of Geometrical optics.
4. Jones, J. H.—Electricity and Magnetism (C.U.P.).
5. For J. J. Thomson and G. P. Thomson—Conduction of Electricity through gases.
6. Smith and Vign—Acoustics, Hydrodynamics and Optics (McGraw Hill Book Co.).
7. Applied Heat—Introduction to Thermodynamical Physics—Vol. I and II (Macmillan & Co.).
8. Sommerfeld, A.—Atomic Physics and Spectral Lines (Macmillan & Co.).
9. Dingle, J. and Allen—X-rays in Theory and Practice (Macmillan).
10. M. N. Saha—Modern Physics—Modern Physics—Volume I and II (The Indian Press, Allahabad).
11. Hall—Heat—Acoustic Physics.
12. Abraham Becker—Theory of Electricity (Blackie & Sons).

Physics (General).

(a) Text-books—

1. Allen and Koper—Physical Properties (Macmillan).
2. Womersley—Properties of Matter (Macmillan).
3. Eder—Heat for Advanced Students (Macmillan).
4. Jones—Light for Advanced Students (Macmillan).
5. Huxley—Electricity and Magnetism (Macmillan).
6. Salzman and Jones—Physical Properties (Macmillan).
7. Thomson and Hartney—Text-book of Physics (Macmillan).

B.1.

(b) Text-books—

1. Hall—Advanced Heat (Dell & Sons).
2. Huxley—Everyday Physics (the general interest) (Macmillan).
3. Yarker—Applied Electricity.

(c) Books for reference—

Method—Physical Properties (Longman).

Chemistry (HON.).

(a) Physical Chemistry.

(a) Text-books—

1. Lewis—A system of Physical Chemistry, Vol. I and II.
2. Kyrre—Physical Chemistry.
3. Spencer—Elementary Physical Chemistry.
4. Fawcett—Elementary Physical Chemistry.

(b) Books for reference—

Thompson—A Treatise on Physical Chemistry.

(ii) Inorganic Chemistry.

Text-books—

1. Sherr—Theory of Chemistry.
2. Butler—Chemical elements and compounds.
3. Fawcett—Inorganic Chemistry.
4. Spencer—Text-book of Inorganic Chemistry.
5. Jones—Solids and Metals compounds, Vol. I, II, III.
6. Hopkins—Theory of Chemistry.
7. Jones—Modern Inorganic Chemistry.
8. Jones and Lander—Inorganic Chemistry.
9. Jones—Physical properties in Physical and Inorganic Chemistry.
10. Thomas—Chemical elements.
11. Jones—The theory of chemical analysis.
12. Jones and Hall—Analytical Chemistry, Vol. I and II.
13. Jones—Inorganic chemistry.
14. Jones—Inorganic Chemistry—E. F. Jones (Macmillan & Co., London).

(iii) Organic Chemistry.

Text-books—

1. Jones—A text-book of Organic Chemistry.
2. Jones—Physical Organic Chemistry.
3. Jones and Spencer—Physical Organic Chemistry.
4. Jones—A text-book of Organic Chemistry.

Reference books—

1. Jones—Organic Chemistry.
2. Jones—Recent Advances in Organic Chemistry.

(iv) Special Subjects.

(a) Physical Chemistry.

Text-books—

1. Jones—Applied Physical Chemistry.
2. Jones and Spencer—Physical Chemistry.
3. Jones—Physical Chemistry.

Books for reference in physical chemistry—

(b) Technical Gas Chemistry.

Text-books—

1. Jones—Technical gas chemistry.
2. Jones and Taylor—Gas chemistry in Theory and Practice.

(c) Analytical Chemistry.

Text-books—

1. Jones—Quantitative Analysis.
2. Jones and Lander—Applied Inorganic Analysis.
3. Jones and Lander—Qualitative Analysis—Vol. I and II.
4. Jones and Lander—Analysis of Minerals and Ores of Basic Elements.
5. Jones and Lander—Analysis of Iron and Steel.
6. Jones—Ore analysis.
7. Jones—The analysis of Minerals.
8. Jones—Paper analysis.
9. Jones—Chemical Microscopy.

(d) Chemistry of Basic Elements and their compounds.

Text-books—

1. Jones—The metals of the main groups.
2. Jones—Text-book of Inorganic Chemistry.
3. Jones—Ore analysis.
4. Jones—Basic elements.

(v) Textile Chemistry.

Text-books—

- 1 Green—Analysis of Dyestuffs.
- 2 Knapik, Hansen and Lowenthal—Manual of Dyeing.
- 3 Volante.
- 3 Robinson—Dyeing and dyeing of vegetable fibres.
- 4 Whitaker—Dyeing with and without mordants.
- 5 Mathews—Textile dyes.

(f) Bio-Chemistry.

Text-books—

- 1 Green—Text-book of Bio-Chemistry.
- 2 Hapkin—Organic analysis.
- 3 Hapkin—Physiological Chemistry.
- 4 Corbett—Bio-Chemistry.
- 5 Taylor—Bacteriology in Bio-Chemistry.
- 6 Volante—Bio-Chemistry.
- 7 Fagan—Text-book of Bio-Chemistry in relation to human physiology.
- 8 Gell—Practical Physiological Chemistry.
- 9 Morrison—Bio-Chemical Laboratory methods.

(g) Chemistry of sugar and sugar products.

Text-books—

- 1 W. S. Manly—Description of the Sugar.
- 2 E. F. Fawcett—Chemistry of the cane and poly-merisation.
- 3 J. B. Green—Organic Chemistry, Vol. III, Chapter on Sugars.
- 4 Hager's Industrial Chemistry, Vol. II, Chapter on sugar.
- 5 Fawcett—Methods of Chemical Control in Sugar Industry.
- 6 C. A. Brown—Handbook of Sugar Analysis.
- 7 H. Hager—Agricultural Chemistry.

(h) Chemistry of Colloid.

Text-books—

- 1 R. S. Knapik—Text-book of Colloid (John Wiley & Sons, New York).
- 2 E. Fawcett—Colloidal Chemistry (Methuen, London).
- 3 Fawcett—New concepts in colloid Chemistry (Methuen, London).
- 4 H. N. Hager—Laboratory Manual of Colloidal Chemistry (John Wiley & Sons).
- 5 E. Fawcett—Laboratory Manual of Colloidal Chemistry.
- 6 Fawcett—Handbook of Colloidal Chemistry.
- 7 J. Alexander—Colloidal Chemistry—2 volumes.

Colloid (Biology).

Text-books—

- 1 Smith—Introduction to Dispersion Chemistry (Bell).
- 2 Green—A short System of Qualitative Analysis (Smith).
- 3 Fawcett—A complete Course of Qualitative Analysis (Methuen).
- 4 Leary and Adams—A Glass Book of Organic Chemistry (Methuen).
- 5 Taylor—Physical Chemistry (Baillière Telford Press).

(i) Analytical Chemistry—

- 1 Fawcett—Text-book of Inorganic Chemistry (Methuen).
- 2 Green and Lander—Systematic Inorganic Chemistry (Elsevier).
- 3 Green—Qualitative Chemical Analysis, Parts I and II (Elsevier).
- 4 Leary and Adams—Physical Chemistry.

B. With Chemical Technology as main subject.

Part I.

General Chemical Technology.

Text-books—

- 1 Hager—Industrial Chemistry.
- 2 Allen—Organic Industrial Chemistry—2 volumes.

Reference books—

- 1 V. L. Randall—Industrial Electro-chemistry.
- 2 A. J. Allen—Applied Electro-chemistry.

Chemical Engineering.

Text-books—

- 1 Hager and Mearns—Elements of Chemical Engineering.

Reference books—

- 1 R. H. Lippitt—Handbook of Chemical Engineering—Vols. I and II.
- 2 David Tupper—Handbook of Chemical Engineering.
- 3 W. H. Walker, W. K. Lewis and W. H. McAdams—Principles of Chemical Engineering.

Reference books—

- 1 Elements of Colours and Co-ordinates Chemistry according to the text-book "Elementary Analysis" by O. M. Jones, Cambridge University Press, dealing with last chapter.

Notes.

- 1 Notes for Physics for the B.Sc. (Hons.) Chemistry and Physics.

Reference books—

- 1 Fawcett, J. B.—Text-book of Inorganic Chemistry.
- 2 Green and Lander—Systematic Inorganic Chemistry.
- 3 Green, W. H.—A System of Qualitative Analysis.
- 4 Green and Hager—Qualitative Analysis.

Organic Chemistry—

- 1 Schmidt, T.—Text-book of Organic Chemistry.
- 2 Green, W. H.—Handbook of Organic Analysis.
- 3 Green and Lander—Organic Chemistry.

Physical Chemistry—

- 1 Leary and Adams—Text-book of Physical Chemistry.
- 2 Hager—Physical Physical Chemistry.

Analytical Chemistry.

(i) Text-books—

- 1 R. A. Leary—Text-book on Descriptive Chemistry.
- 2 Green—Qualitative Analysis.
- 3 Fawcett—Qualitative Analysis.
- 4 Green—Elements of Qualitative Analysis.
- 5 Hager—Handbook of Qualitative Analysis.
- 6 Lander—Qualitative Analysis.
- 7 R. H. Lippitt—Notes on Qualitative Analysis and Chemistry.

(ii) Reference books—

- 1 R. A. Leary—Qualitative Analysis.
- 2 Fawcett—Qualitative Analysis.
- 3 Green—Qualitative Analysis.
- 4 Lander—Text-book of Qualitative Analysis.

PART II.

Special Subjects.

(i) Text-books—

- 1 R. A. Leary—Organic Analysis and Qualitative Analysis.
- 2 Fawcett—Qualitative Analysis.
- 3 Green—Qualitative Analysis.

Reference books—

- 1 Fawcett—Qualitative Analysis.
- 2 Green—Qualitative Analysis.
- 3 Lander—Text-book of Qualitative Analysis.

(ii) Reference books—

- 1 Fawcett—Text-book of Qualitative Analysis.
- 2 Green—Qualitative Analysis.

Reference books—

- 1 Green and Lander—Systematic Inorganic Chemistry.
- 2 Green—Qualitative Chemical Analysis, Parts I and II (Elsevier).
- 3 British Pharmacopoeia, 1924.

Text-books—

- 1 Ode, Fawcett and Fawcett by T. B. Fawcett.
- 2 The Industrial Chemistry of the Food and Water by T. B. Fawcett.
- 3 The Utilization of Fats by Fawcett.

B.Sc. DEGREE (CHEMICAL TECHNOLOGY).

Text-books—

- 1 Engineering Chemistry by T. B. Fawcett, Vols. I and II.

Reference books—

- 1 Chemical Engineering Chemistry by T. B. Fawcett.
- 2 Engineering Chemistry by T. B. Fawcett.
- 3 Industrial Chemistry by Fawcett and Hager, Vols. I and II.

Special Subject.

Sugar Technology.

Text-books—

- 1 C. A. Brown: *Hand Book of Sugar Analysis*.
- 2 *Soft Sugar—Cane Sugar*.
- 3 L. A. Tappay: *Machinery and Equipment of the Cane Sugar Factory*.

Reference books—

- 1 Maxwell's *Modern Milling of Sugarcane*.
- 2 *Reports of the Indian Textile Commissions*.
- 3 Maxwell: *Scientific Aspects of Cane Sugar Technology*.
- 4 F. J. Davis: *Sugar cane and its Culture*.

Pharmacology

Text-books—

- 1 *The British Pharmacopoeia*.
- 2 *Introduction to Pharmacology and Therapeutics—Gunn*.
- 3 *Methods of Biological Assay*—J. W. Durr.
- 4 *Reagents and Assays in Materia Medica*—W. Bann.
- 5 *Toxicoparaphrases in Poisons*—Parrish.
- 6 *Text-books of Pharmacology*—T. Garrod.
- 7 *Text-book of Pharmacology*—J. W. Durr and T. C. Durrant.
- 8 *Practical Pharmacology*—T. R. Wallis.
- 9 *Food Analysis—Woodman*.
- 10 *General Analysis of Foods*—Owen.
- 11 *Public Health Laboratory Work—Kewenow*.

Reference books—

- 1 *Washington's Practice of Pharmacy*.
- 2 *Pharmaceutical Codex 1934*.
- 3 *Drugs and Laboratories* by D. C. Garrod.
- 4 *Science Medicus* by Glavin.
- 5 *General Toxicology* by Jorbin.
- 6 *Marshall's "British Pharmacopoeia"*.

MR. STODOLSKY IN CHEMISTRY (INCLUDING MICROSCOPE OF FOODS, DRUGS AND WATER).

Text-books—

- 1 *A text-book of Bio-chemistry* by A. T. Garrod.
- 2 *Spices and Condiments* by H. E. Rappaport.
- 3 *Public Health Laboratory Work—Kewenow*.
- 4 *British Pharmacopoeia*.
- 5 *Science and Practice of Pharmacy* by Russell and Cook—Vol. 2.
- 6 *Food Analysis—Woodman*.
- 7 *General analysis of Foods—Gunn*.

Reference books—

- 1 *British Pharmacopoeial Codex*.
- 2 *Drugs and Laboratories—Garrod*.
- 3 *Food Inspection and Analysis* by Louch.
- 4 *Microbiology—Durr and Durrant*.
- 5 *Text-books and Standard Methods adopted by the Association of Official Agricultural Chemists*.

B. A. (HONS.), DEGREE EXAMINATION, 1945.

Part II—Final Examination.

Mathematics.

(A) Geometry—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.
- 4 *Euclid's Elements*.
- 5 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.

(B) Algebra, Trigonometry and Theory of Equations—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.

(C) Differential and Integral Calculus, definite series, and infinite integrals—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.

(D) Differential Equations—

Text-books—

- 1 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(E) Uniform Functions of a Complex variable—

Text-books—

- 1 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(F) Statics—

Text-books—

- 1 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(G) Dynamics—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(H) Vector Analysis—

Text-books—

- 1 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(I) Statistics—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.
- 4 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.
- 4 *Euclid's Elements*.

(J) Astronomy—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.
- 3 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(K) Hydrostatics and Hydraulics—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(L) Theory of Numbers—

Text-books—

- 1 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(M) Geometrical and Mechanical—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

(N) Electricity and Magnetism—

Text-books—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

Books of reference—

- 1 *Euclid's Elements*.
- 2 *Euclid's Elements*.

B. COM. (HONS.) DEGREE EXAMINATION, 1941.

(Under Revised Syllabus.)

Part II—Group A.

(Compulsory Subjects.)

(a) General Economics.

- (a) Text-books—
1 Fisher's *Business Economics*.
2 *Indian and Dutch Indian Economies*.
(b) References—
1 Young's *Principles of Economics*, Vols I and II.
2 Marshall's *Principles of Economics*.
3 *Economics*.
4 *The Economist*.

(c) Banking.

- (a) Text-books—
1 M. L. Tanna's *Law and Practice of Banking in India*.
2 Ray's *Modern Banking*.
3 *Financial Banking in India*.
(b) References—
1 Henry's *Practical Banking*.
2 Bhatnagar, *The Practice and Law of Banking*.
3 Gove's *Bank Organisation and Management*.
4 Bhatnagar's *Banking*.
5 Gove's *Principles of Money and Banking*, Vols I and II.
6 Celia Chidgey, "Twenty Years of Federal Reserve Banking".
7 R. S. S. *Banking Notes*; *Banking*.
8 Bhatnagar and Bhatnagar, *Central Banks*.
9 Kishor and Khan, *Central Banks*.
10 D. S. Rao, *Monetary Banking*.
11 R. M. S. *Banking and Finance in India* (IV Edn.).
12 *Argent's Commercial Banking*.
13 *Banking*; *Money and Banking*.
14 *Journal of the Institute of Bankers, London and of the Indian Institute of Bankers*.

(c) Accounting.

- (a) Text-book—
Bhatnagar's *Advanced Accounts*.
(b) References—
1 Carter, *Advanced Accounts*.
2 Cooper's *Higher Book-keeping and Accounts*.
3 *Spence and Poynter's Book-keeping and Accounts*.
4 *Deben's Fundamentals of Accountancy*, Vols I and II.
(c) *Business Organisation*.
(a) Text-books—
1 Bhatnagar, *Business Organisation*.
2 Deben's *Business Organisation*.
(b) References—
1 Lee and Emerson's *Principles of Commerce and Business Organisation*.
2 Deben's *Principles and Practice of Commerce*.
3 Ray's *Business Organisation*.
4 *Parsons' Manual of Business Training*.
5 N. Das's *Industrial Organisation in India*.

(d) Commercial Geography.

- (a) Text-books—
1 *Practical Geography's* work by Lee and Dem. (Fifth Edn.).
2 Deben's *Business Organisation* (Sixteenth Edn.).
(b) References—
1 *Amos* (Edn.) *Guide for the Geography Teacher*.
2 *Palmer and Martin's The Geography's Manual*.
3 *Robert Martin's How to take lessons*.
4 *Knox and Robinson's Commercial work and Practice*.
5 *Deben's Principles and Practice of Commercial Geography*.
(c) Commercial Geography.
(a) Text-books—
1 L. Dudley Stamp's *Intermediate Commercial Geography* (Parts I and II).
2 Deben's *Advanced A.G.*
(b) References—
1 E. R. Williams's *Commercial Geography of India*.
2 *Chabdar's Handbook of Commercial Geography*.
3 *Travels in Commerce of India*, Vols I and II.
4 *India Year Book* (Latest edn.).
5 *Commerce Year Book—Latest issue*.

(f) Mercantile Law.

- (a) Text-books—
1 *Bevan's Mercantile Law*.
2 *Bevan's Law of Bills*.
(b) References—
1 *Wangemann's Indian Company Law*.
2 *Kangaroo's Indian Negotiable Instruments*.
3 *Bevan's Law of Contract*.
4 *Bevan's Law of Agency*.
5 *Bevan's Indian Contract Act*.
6 *Palmer and Martin's Indian Contract Act*.
7 *Bevan's Wages and Compensation Act*.
8 *Bevan's Indian Arbitration Act*.
9 *Bevan's Sale of Goods*.
10 *Bevan's and Carter's Indian Company Act* (Latest edn.).
11 *Bevan's Handbook of Contracts and Negotiable Instruments*.

(c) Statistics and their application to Commerce.

- (a) Text-books—
1 *Bevan's Elements of Statistical Methods*.
2 *Kangaroo's Statistical Methods* (Latest edn.).
(b) References—
1 *Official Statistical Publications* such as the *Statistical Abstract for British India*.
2 *Statistical Review—A Review for the Government of India*.
3 *Bevan's Indian Journal of Statistics*.

Any one of the following special subjects—

Part II—Group B

(Optional (Elective) Subjects.)

(a) Advanced Accounting and Auditing.

- (a) Advanced Accounting.
(a) Text-books—
1 L. C. Cooper's *Higher Book-keeping and Accounts*.
2 *Spence and Poynter's Cost Accounts*.
3 *Bevan's Income Tax Manual and Guide to Income Tax Practice*.

(b) Auditing.

- (a) Text-book—
Spence and Poynter's Practical Auditing or Deben's Auditing.
(b) References—
1 *Carter's Auditing*.
2 *Palmer's Auditing*.
3 *Spence and Poynter's Audit Programme*.
4 *Bevan's Legal Aspects of Auditing*.
5 *Bevan's Auditing*.

(c) Transport.

- (a) Text-books—
Atkinson, Belser and Wilson's Principles of Transportation.
(b) References—
1 W. M. Atkinson's *Handbook of State Railway Development*.
2 W. M. Atkinson's *Elements of Railway Economics*.
3 W. Y. Srinivasan's *Commercial Aspects of Railways*.

Syllabus—cont.

18. Harbor, Inland Transport and Communications.
19. Waterways, Coasting Motor-Facility Transport.
20. Railway, Detail Shipping.
21. Johnson and Mathias: Principles of Ocean Transportation.
22. Todd: The Shipping World.
23. Reports of the various Commissions appointed to inquire into the working and administration of Indian Railways.
24. High Court Decree of Indian Railway Cases—Transients.

(2) International Trade.

- (a) Principles—
 1. International Trade by F. Kerns (U.S.A.).
 2. Theory of International Trade by Hootner.

7. Period of service, if any (as on 1st April 1939), rendered.
8. Name of school in which the candidate received their training.
9. Remarks.

Deputy Inspectors of Schools are requested to submit separate lists of candidates for admission to each training school (Travancore and Nagercoil) separately. All applications, whether recommended or not, should be submitted to this office, submitting a separate list of candidates not recommended, together with names therein.

10. Intending candidates should attach to their applications a statement of landed property owned by them and situated by the village record concerned.

11. Candidates are requested to clearly give their postal address in their applications.

12. Candidates having physical defunctives will not be admitted.

13. In the matter of selection, preference will be given to those who have put in teaching experience in recognised schools.

14. Subject to attention, the probable number of candidates that will be selected for admission in July 1940 will be:—

	Secondary	Higher Elementary
Government Training School, Tanjore.	40	20
Government Training School, Nagercoil.		12

15. There is a hostel attached to the Government Training School, Tanjore, and preference will be given to the matter of admission to those who wish to reside in the hostel.

T. V. APPARICURARA MEDALIAK, District Educational Officer.

Tanjore, 26th March 1940.

Government Higher Elementary Training School, Mangalore.

All trainee candidates for Higher Elementary Grade Training will be admitted into the Government Higher Elementary Training School, Mangalore, in July 1940.

1. Candidates should at least possess VIII Standard Elementary-School Leaving Certificate (marked 'Good' or 'Fair') issued by the Deputy Inspectors of Schools or transfer certificate (issued by Headmasters of secondary schools) which show that they are eligible for admission into Form IV. Preference will be given to candidates who are already serving as teachers and who possess better general educational qualifications.

2. Applications in the prescribed form which can be obtained from the Deputy Inspectors' Office should be submitted as far as possible to the Deputy Inspectors of Schools concerned before 30th April 1940. Copies of general educational and transfer certificates should not be transmitted along with the applications. Original certificates should not be retained by the applicants.

3. No action will be taken on applications received direct to the District Educational Officers' office and applicants who attended in their applications to the District Educational Officers' office through letters will be disqualified for admission.

4. The Deputy Inspectors will submit the applications received from the candidates with necessary certificates as far as possible to this office before 15th May 1940.

E. KANNAPPA, District Educational Officer, South Kanara.

Mangalore, 14th March 1940.

Government Training School Kurnool.

It is hereby notified for the information of all concerned that 20 candidates for training will be admitted in July 1940 into the Government Training School, Kurnool, in the Higher Elementary Grade.

1. Subject to availability of funds, stipends at the rate of Rs. 6 per month will be paid to those who are selected as stipendiaries and in addition those

a few candidates will also be admitted subject to availability of accommodation in the school.

8. The period of training will be two years except in case of those who had a completed secondary school-leaving Certificate with a record of not less than 50 per cent of marks in each of the subjects offered at the Secondary School-leaving Certificate Public Examination, in whose case the period of training will be only one year.

9. Qualification.—The usual examination of the III Form of a secondary school or have been awarded an Intermediate school-leaving Certificate of the VIII Standard marked "fair" or "good" are eligible for admission. In the case of candidates possessing

IV Form transfer certificates not qualified for promotion, information should be given in the application form whether they passed III Form of a secondary school. Candidates who were directly admitted to IV Form without successfully undergoing the III Form course, but have put in a full year's study in IV Form and appeared for the annual examination, will also be admitted subject to the approval of the Director of Public Instruction, Madras, though they are not qualified for promotion. (Vide Memorandum, D.P. No. 2025-Sch. dated 24.12.1945, of the Director of Public Instruction, Madras.)

10. It is recalled that the Deputy Inspection concerned should carefully examine the general educational particulars of the candidates and satisfy themselves with reference to the previous school history in assigned schools. A list of marks obtained by the candidates for different years should be obtained in the application.

Copies of general educational certificates duly equipped with the original and attested by the Deputy Inspection concerned should be attached to the application. Original certificates must be produced by the candidates concerned at the time of admission. Separate marked certificates need not be submitted for candidates whose applications have been recommended by the Deputy Inspection and members of recognized schools.

11. Applicants for training will have to attach statements of limited property possessed by them with the certificates of the village officers concerned for the extraction of the statements.

12. Although previous lacking experience demanded of a candidate's school has been dropped with effect from 1.1.1946, dated 18th July 1945, preference will be given to those with previous training experience in the matter of selection. Candidates of more than 20 years of age will not ordinarily be accepted unless they have put in at least three years' service. With a view to avoiding confusion, suitable recommendations from the Inspecting Officers should not be obtained.

13. It is stipulated as actually required for employment in the school the manager of which provided employment after training, and

14. The manager of the school has provided employment to those who were already and by or from his school.

15. The Deputy Inspection are requested not to recommend (i) candidates who are coming up from government schools, (ii) those who are not prepared for employment after training in the school and (iii) the candidates with Indian nationality. The names of the latter category should be noted by the Deputy Inspection in the consolidated list against the respective candidates. Candidates of the above categories should be included in the rejected list with the respective reasons specified next to them.

16. Applications presented in the latest revised form which may be obtained from the Inspecting Officers of the region concerned, should be submitted by candidates to the Inspecting Officers of the respective regions on or before 31st April 1946. The Inspecting Officers should in their lists of candidates attach applications received by them and submit them to the office by 31st May 1946, together with the two mentioned lists in the following forms: one recommended and the other rejected—this being subject to any other candidates for the selected course are shown lost and the others themselves in each list—

- 1 Serial number.
- 2 Name of candidate.
- 3 Name of school (age)
- 4 Date.
- 5 Qualification in IV.
- 6 List of services, if any, from, month and days provided by the Inspecting Officer.
- 7 Present occupation.
- 8 Name of the recognized school, the manager

of which provided employment after training.

9 Whether the candidate is required for employment in the school.

10 Remarks.

11. Candidates from backward classes should be directed not only through the District Education Officer or at the district or the Inspecting of the district concerned. Standing applications from the districts for training outside the district should submit their applications with reference to the admission notices of the District Educational Officer of the district through the Deputy Inspection who will submit them to the office with the lists in the form prescribed in paragraph 8 above.

12. The candidates selected for training will be on probation for 10 working days and will enter into an agreement to work with the Government as prescribed in the local and will also give an undertaking that they will not enter into any vocational or preparatory or any other or technical examination during the course of training.

13. Students who have been admitted as non-stipendists will have to deposit a certain money of Rs. 5 each with the headmaster at the time of admission. Special rules for general, backward and non-stipendist according to Rs. 2 per annum will also be levied.

14. Applications or lists which are either defective in any of the above particulars or are received after the due date will not be considered.

G. DAMODARA MUDALIYAR,
District Education Officer, Madras.

Camp Pettah, 18th March 1946.

Government Training Schools in the Cuddalore District.

It is hereby notified for the information of all concerned that candidates for training will be admitted into training schools of this district as detailed below in July 1946, the amount of Government stipend being Rs. 6 per month for each candidate of Higher Elementary Grade—

Service Grade.	Daily Stipend.		Daily Stipend.

2 Government, Training School, Cuddalore.	—	—	50	60

Qualifications.

Secondary Grade—One year's course.—Failed Exts. or Intermediate and those who underwent the full course in the Intermediate class will be admitted for the one year's course.

Secondary Grade—One year's course.—Candidates who have the following record of marks in the Secondary School-leaving Certificate Public Examination and those who were declared eligible for the village course will be admitted for the two years' course—

Min. marks.—Not less than 50 per cent of the marks in each of the subjects in Groups A and C.

Exempted subjects.—English, 40; Indian Language, 40; Elementary Mathematics, 30; Elementary Science, 30; History and Geography, 30; and Optional Subject, 30.

Higher Elementary Grade—One year's course.—Candidates who had a completed Secondary School-leaving Certificate with a record of marks of not less than 50 per cent in each of the subjects offered at the Secondary School-leaving Certificate Public Examination will be admitted in the one year's course.

Higher Elementary Grade—Two years' course.—Candidates who possess the transfer certificate of leaving passed the III Form of a recognized secondary school or the R.E.O. of the VIII Standard issued by the Deputy Inspection of Schools, or those who had been directly admitted into IV Form without successfully undergoing the III Form course, but had studied for a full year in IV Form and appeared for the annual examination will also be admitted to the course, subject to the approval of the Director of Public Instruction, Madras.

Special applications possessing the general educational certificate immediately submit their applications in the prescribed form to the Deputy Inspection of Schools concerned. Copies of their general educational certificates, marked candidates

and should properly reference referred to in connecting with above should accompany the application. The form of application (blank form) may be obtained from the Deputy Inspectors of Schools. The Government will show Order No. 1554, Education, dated 1934 July 1934, directing that the primary training experience consisted of completion before, might be dispensed with now. It is, therefore, essential that the Deputy Inspectors of Schools in the district, should bear in mind the following instructions, when recommending candidates for training with a view to avoid future difficulties.

(i) Whether the applicant is actually required for appointment as a teacher in the school, the manager of which has previously expressed his willingness to accept; and (ii) whether the manager has really accepted those who had already been sent up for training from the school.

The applications received from the candidates may be considered by the Deputy Inspectors of Schools in the following form returned and separate lists, one of candidates recommended for selection and the other of those recommended for rejection should be submitted for each training school together with the applications and their addresses, in as to reach the Inspectors not later than 15th May 1940 at latest.

- 1) Serial number.
- 2) Name of the candidate is full.
- 3) Address town or town.
- 4) Date of birth.
- 5) Mother-tongue or languages should be stated.
- 6) Highest examination passed with full details.
- 7) Length of service, if any, with the name of the school served in.
- 8) Name of the school to which the candidate desires after training.
- 9) Whether the candidate is actually required for employment in the school referred to in column 8 after training.
- 10) Remarks pointing their recommendations for selection or rejection, in the case may be.

P.S.—The serial of the candidate to be selected must be noted in column 10.

The certificate of provisional appointment should invariably be signed by managers of recognized schools and not by others in their behalf.

In the first instance, a large number of candidates, at least 25 per cent more than the number actually required will be selected. All those will be subjected to a common competitive examination, on the date or dates stated in the order of selection. The number to be actually admitted will be decided according to the rank scored in this examination. Candidates must be prepared to attend this examination at their own expense.

There is a list attached to the Government Secondary Training School, Chittor, of such of the candidates as do not reside with their parents or near relatives in Chittor should be prepared to pay the full value the various amounts then for satisfactory reasons.

Candidates selected for admission into the secondary grade training class should deposit a sum of Rs. 25 as tuition money with the Superintendent of the training school on the date of admission and it will be returned to them on the date of their relief from school.

GUYLAH DANTHOTH,
Deputy District Officer,
Chittor, 18th March 1940.

Act No. III of 1940—Madras Commercial Crops Markets (Amendment) Act, 1940	11	12	13
---	----	----	----

The following Act received the assent of His Excellency the Governor on the 23rd March 1940 and is hereby published for general information:—

ACT No. III OF 1940.

An Act further to amend the Madras Commercial Crops Markets Act, 1933, for certain purposes.

Madras Act
No. III of 1940.

WHEREAS it is expedient further to amend the Madras Commercial Crops Markets Act, 1933, for the purposes hereinafter appearing;

20 Geo. II,
Ch. 2.

AND WHEREAS the Governor of Madras has, by a proclamation under section 93 of the Government of India Act, 1935, assumed to himself all powers vested by or under the said Act in the Provincial Legislature;

Now, THEREFORE, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

1. This Act may be called the Madras Commercial Crops Markets (Amendment) Act, 1940.

1748-1

[6]

Amendment
of section 5,
Madras Act,
XX of 1915.

2. In section 2 of the Madras Commercial Crops Markets Act, 1933 (hereinafter referred to as the said Madras Act, XX of 1933, Act)—

- (a) in clause (iii), for the words "a taluk board", the words "a district board" shall be substituted, and
- (b) clause (vi) and the word "and" occurring at the end of clause (v) shall be omitted and at the end of clause (iv), the word "and" shall be inserted.

Amendment
of section 4,
Madras Act,
XX of 1933.

3. In section 4 of the said Act—

- (a) in the first paragraph of sub-section (1), for the words "licence granted by the Provincial Government", the words "licence granted by the Collector of the district" shall be substituted, and
- (b) for sub-section (2), the following sub-section shall be substituted, namely:—
 "(2) Subject to such rules as may be made by the Provincial Government, the Collector of the district may, on the report of the market committee and after such enquiry as he deems fit, cancel or suspend any licence granted under sub-section (1)."

Amendment
of section 5,
Madras Act,
XX of 1933.

4. In section 5 of the said Act—

- (a) sub-sections (2) and (3) shall be renumbered as sub-sections (4) and (5) respectively and for sub-section (1), the following sub-sections shall be substituted, namely:—
 "(1) Every market committee shall consist of such number of members not exceeding twelve as may be fixed for it by the Provincial Government.
- (2) Each of the following electorates shall elect in the market committee such number of members as the Provincial Government may determine:—
- (c) growers of the commercial crop or crops in the notified area from among themselves,

(b) persons licensed under section 4 and buyers, sellers and buyers and sellers in the notified area of the commercial crop or of any of the commercial crops concerned, registered as such for a period of not less than one year under the rules prescribed in that behalf, from among themselves, and

(c) members of the local body or local bodies having jurisdiction over the notified area, from among themselves.

(3) The Provincial Government may appoint to every market committee such number of members as they think fit, not exceeding the number of members to be elected.

Provided that where a market committee is established for any notified area for the first time—

(i) the Provincial Government may appoint all the members of such committee for a period of one year, and

(ii) if before the expiry of the period of one year aforesaid elections of members to the committee could not be held or if for any reason the Provincial Government consider it desirable that the committee should consist solely of members appointed by them, they may extend the term of office of all or any of the members appointed under clause (i), or appoint new members in their places, for such period or periods not exceeding one year in the aggregate as they may think fit."

(b) in sub-section (4) as so renumbered—

(i) in the first paragraph, for the expression "sub-section (1)", the expression "sub-section (3)", and for the word "notification", the word "appointment" shall be substituted; and

(ii) in the first proviso, for the expression "clause (iii) or clause (iv) of sub-section (1)", the expression "clause (b) or clause (c) of sub-section (2)" shall be substituted; and

(e) in sub-section (2) as so renumbered, the words "and another member to be its vice-chairman" shall be added at the end.

Amendment
of section
16, Madras
Act No. of
1935.

5. In clause (e) of sub-section (2) of section 16 of the said Act, for the words "the chairman", the words "the chairman and vice-chairman" shall be substituted.

Amendment
of section
18, Madras
Act No. of
1935.

6. In sub-section (2) of section 18 of the said Act—

(a) in clause (i), for the word "nominations", the word "appointments" shall be substituted;

(b) in clause (ii), for the words "chairman of a market committee and his term of office", the words "chairman and vice-chairman of a market committee and their term of office" shall be substituted; and

(c) in clause (iii), for the words "chairman or member", the words "chairman, vice-chairman or member" shall be substituted.

Addition of
new section
23 to Madras
Act No. of
1935.

Enacting.

7. After section 22 of the said Act, the following section shall be added, namely:—

"23. Nothing in this Act shall apply to any place set up, established or continued by or on behalf of the Crown for the purchase, sale, storage, weighing, pressing or processing of any commercial crop or to the purchase or sale of any such crop by or on behalf of the Crown."

(By order of His Excellency the Governor)

P. APPU NAIR,
Secretary to Government, Legal Department.
